DETAILS

Drop-Swing emptying detail

Rome Litter Bin with Bag detail

- Litter bin with swing body and magnetic auto-lock system
- Capacity of 60 litres
- Collection system: the plastic bag is placed in the bin.
- Must be fixed to the ground with 4 M8 expanding bolts (included).
- Made of 1’5 mm cold rolled steel plates and tube which have been hot dip galvanized.
- It includes a thermo-heating polyester powder coated finish
- Easy emptying system: our bins must be safe, ergonomic and clean. This bin has been designed and produced with an ergonomic and efficient emptying system which guarantees the extraction of the bag without risk of ripping.
- Plastic bags: this bin is compatible with standard bags available in the market. However, Cervic Environment have developed “Slim-fit” bags (tailor-made for our bins) which improve the performance and the aesthetic of the bins.
- Compatible products: wall-mounting Kaizen ashtray, wall-mounting Valencia ashtray and Can-Adapt bags dispenser.
- Suitable to be used outdoor under normal weather conditions. In case of extreme weather conditions, such as high salinity, temperature or humidity, an additional special treatment can be included. Check extra cost and MOQ.
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.

To process all your order, you must choose the corresponding model code.
