WASTE ADHESIVES

(all of them included in each bin)

- Multiwaste bin with Click&Build system (self-assembly).
- Simple assembly: The bin is supplied disassembled for easy assembly by the user, with no tools required.
- Eco-friendly: Its optimized compact packaging significantly reduces its carbon footprint and transport costs, as well as making it easier to store.
- Designed to offer the same robustness and functionality as conventional pre-assembled bins once assembled.
- Available for 2, 3 or 4 waste.
- Capacities: 120, 180, and 240 litres.
- Collection system: Inner ring bag holder, hinged to the body.
- Lid fitted with gas shock absorber to prevent accidental falling.
- Includes a complete set of adhesives with multiple combinable options of colors and waste symbols to be placed on the lid to identify the type of waste to be deposited according to need.
- Fitted with rubber feet.
- Can be fixed to the ground with M8 expanding bolts (not included).
- Made of 1 and 2 mm cold rolled steel plates which have been hot dip galvanized.
- It includes a thermo-heating polyester powder coated finish
- Hinges and inner ring bag holder made of zinc plated steel.
- Accessories: frontal waste adhesives, wheels kit and ground anchor bolts kit
- Suitable to be used indoor and outdoor under normal weather conditions. In case of extreme weather conditions, such as high salinity, temperature or humidity, an additional special treatment can be included. Check extra cost and MOQ.
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.
