polymer

ACCESSORY

USB charger (acc)

- Versions: Coloured Bench (5 or 6 boards) & Backless bench.
- Colored recycled technical polymer:
- Very robust and resistant to extreme weather conditions. It does not require maintenance.
- UV protection that offers two levels of resistance to solar impact according to the color category.
- Ecological: Manufactured. with at least 55% recycled material and 100% recyclable at the end of its useful life.
- Anti-graffiti (can be cleaned. with organic solvents as long as it is below 60 °C or with pressurized water).
- High structural strength (reinforced).
- Option of boards of different colors in the same bench.
- Optional: version with USB charger available (factory mounted accessory).
  USB charger features:
  · Valid to be used outdoors. Protection against water: IP67.
  · Incorporates the short-circuit protection system. The connector is momentarily annulled in the event of tampering or attempted damage, and then automatically reconnects when the action has ceased.
  · CE certificate.
  · Requires connection to the mains. (It has 11 meters of connection cable).**
  ** The installation of the bench should be done as close as possible to the mains grid connection point. The closer it is, the faster the USB charging speed will be.
- Legs and reinforcements made by steel tube and plates of galvanized steel with additional anticorrosion treatment incorporated and thermo-heating polyester powder coated finish.
- Joining elements made of steel with high resistance anticorrosive treatment.
- Can be fixed to the ground with 4 M8 expanding bolts (included)
- Delivered assembled or not assembled depending the needs & customer requirements
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.

EXTRA FINISHES (TO IMPROVE CORROSION RESISTANCE)

Reference	Extra Finishes	Description
XT	*Extreme finishing	Additional Extreme Treatment Anticorrosive Primer Zinc Rich (for products made from galvanized steel) That meets the requirements of a corrosion class C5 I according to DIN EN ISO 12944

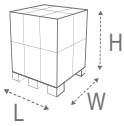

*Depends on request. MOQ required

PACKAGING-LOGISTIC DETAILS

Description	Packing details in pallet (Assembled)						
	u. / pallet	Type of Packing Palletised	Pallet dimensions mm* Large	Width	Heigh	Pallet Wheight	Volume
Bench Assembled	2	shrink wrapped	1200	800	1950	111,8 Kg	1,87 m^3
Blackless Bench Assembled	2	shrink wrapped	1200	800	1950	68,4 Kg	1,87 m^3

*Could be changed to make easy the logistic optimization in case of mixed items
Ask for logistic optimization for full containers, trailers or trucks

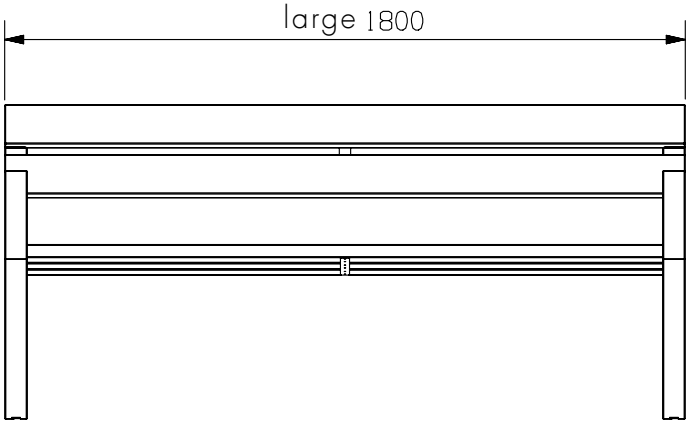

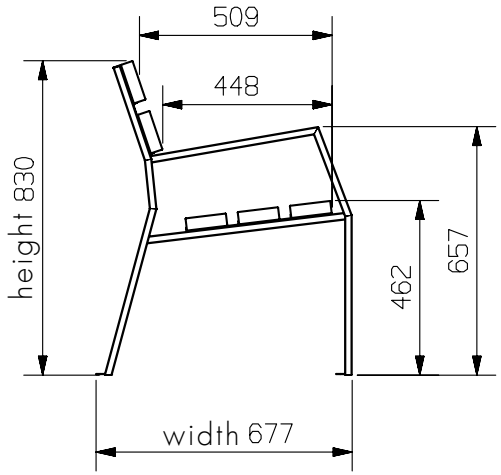

Description	Packing details in pallet (NOT Assembled)

Ecotec Bench 5 Boards

Scale 1:20

Materials
- Legs: Steel Pipe
- Boards 110x35mm section
- Joing Parts: High Strength Treaty Steel

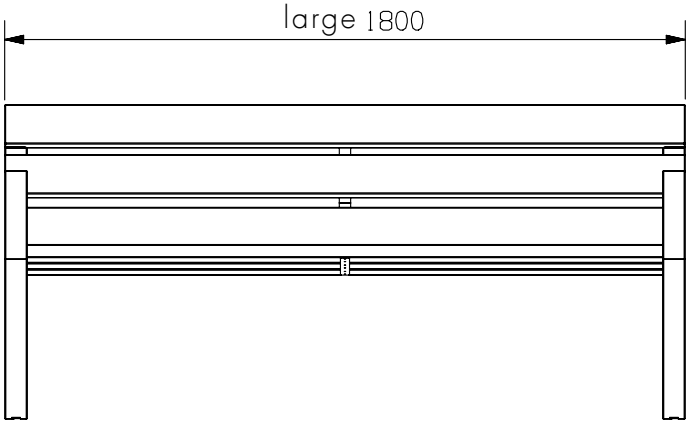

Weight
- 40kg.

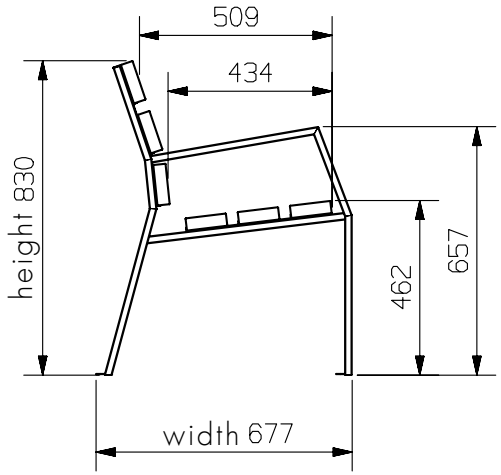

Finished
- Legs: Special Treatment which rich zink anticorrosive primer and Thermo-heating polyester powder coated finish

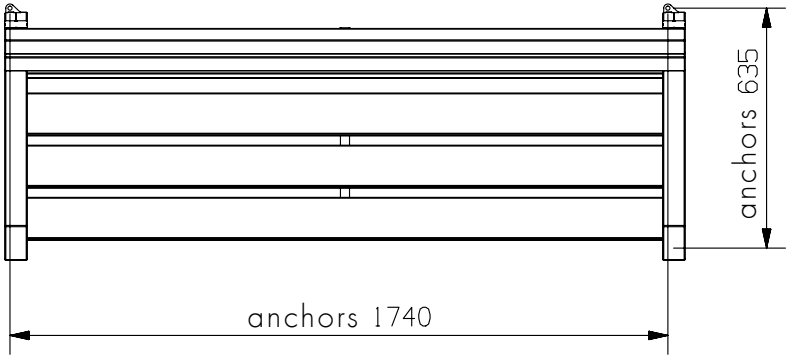

Anchorage
- 4 M8 expanding bolts (included)

Ecotec Bench 6 Boards

Scale 1:20

Materials
- Legs: Steel Pipe
- Boards 110x35mm section
- Joing Parts: High Strength Treaty Steel

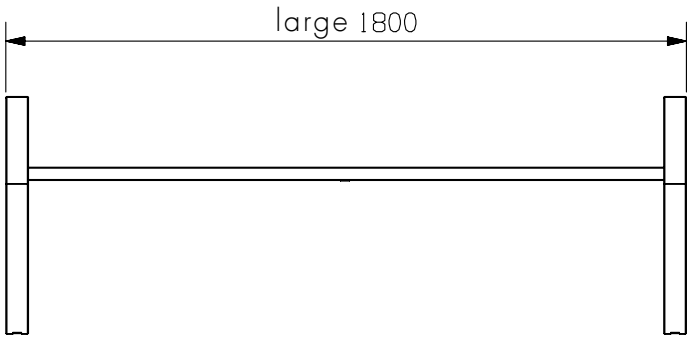

Weight
- 46kg.

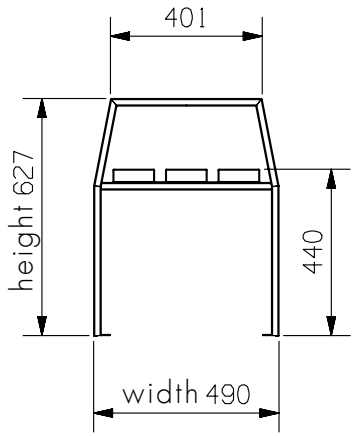

Finished
- Legs: Special Treatment which rich zink anticorrosive primer and Thermo-heating polyester powder coated finish

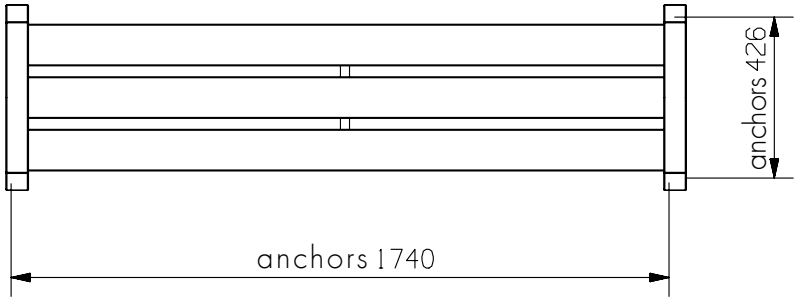

Anchorage
- 4 M8 expanding bolts (included)

Ecotec Backless Bench

Scale 1:20

Materials
- Legs: Steel Pipe
- Boards 110x35mm section
- Joing Parts: High Strength Treaty Steel

Weight
- 26kg.

Finished
- Legs: Special Treatment which rich zink anticorrosive primer and Thermo-heating polyester powder coated finish

Anchorage
- 4 M8 expanding bolts (included)
