Can-Adapt

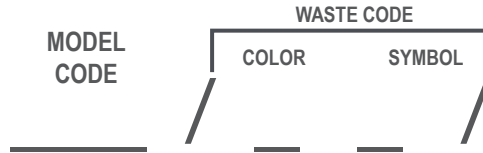

DETAIL

- Semicircular bin which can be used by itself or forming recycling stations
- Capacity of 40 litres
- Collection system: trim ring which hides the excess of the bag.
- Waste identification by the color of the trim ring and an icon on the body
- Must be fixed to the ground with 3 M8 expanding bolts (included).
- Made of 1'5, 2 and 3 mm cold rolled steel plates which have been hot dip galvanized.
- It includes a thermo-heating polyester powder coated finish
- Easy emptying system: our bins must be safe, ergonomic and clean. This bin has been designed and produced with an ergonomic and efficient emptying system which guarantees the extraction of the bag without risk of ripping.
- Plastic bags: this bin is compatible with standard bags available in the market. However, Cervic Environment have developed "Slim-fit" bags (tailor-made for our bins) which improve the performance and the aesthetic of the bins.
- Compatible products: wall-mounting Kaizen ashtray, wall-mounting Valencia ashtray and Can-Adapt bags dispenser.
- Suitable to be used outdoor under normal weather conditions. In case of extreme weather conditions, such as high salinity, temperature or humidity, an additional special treatment can be included. Check extra cost and MOQ.
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.

To process your order, all the codes that create the detailed reference must be chosen.
