Anchored circular

Built-in rectangular

Built-in circular

- Bollards available in two versions: rectangular and circular.
 - With a stainless steel upper trim.
 - Made of 1'5 mm cold rolled steel tube which have been hot dip galvanized.
 - Thermo-heating polyester powder coated finish.
 - Two fixing systems are available: anchoring and built-in.
 - Anchored versions are fix to the ground by 3 or 4 M8 expanding bolts (included), according to the version.
 - Built-in versions must be fixed with a cement base (no included).
 - The stainless steel upper trim is customizable by direct digital printing (optional).
 - Suitable to be used indoor and outdoor under normal weather conditions. In case of extreme weather conditions, such as high salinity, temperature or humidity, an additional special treatment can be included. Check extra cost and MOQ.
 - Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.
-

To process all your order, you must choose the corresponding model code.
