COLLECTION SYSTEM

DETAILS

- Wooden cabinet made for recycling with an attractive design
- Capacity of 120 and 160 litres.
- Available for 2 or 3.
- Collection systems:
    - · Sliding inner ring bag holder with elastic band which can be horizontally foldout by guides
    - · Metal inner liner with elastic band to keep the bag in place.
- Different compartment for each type of waste with a frontal door system to be emptied.
- Waste identification included on the door by icon
- Cabinet structure made of 30 mm MDF wood
- Doors, inner compartments and metal liners made of 0’6, 1 and 1’5 mm cold rolled steel plates which have been hot dip galvanized.
- Doors include a thermo-heating polyester powder coated finish with a zinc rich primer on the lid.
- Hinged pins and inner ring bag holder made of zinc plated steel.
- Easy emptying system: our bins must be safe, ergonomic and clean. This bin has been designed and produced with an ergonomic and efficient emptying system which guarantees the extraction of the bag without risk of ripping.
- Plastic bags: this bin is compatible with standard bags available in the market.
- Suitable to be used indoor
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.
