door

Detail of
self-closing flap

- Very robust frontal door bin
- Capacity of 40, 80 and 120 litres
- Available for 1, 2 or 3 residues (with separated inner compartments for each residue).
- Collection systems:
 - a. Sliding inner ring bag holder with elastic band which can be horizontally foldout by guides
 - b. Metal inner liner with elastic band to keep the bag in place.
- Available lids: open and self-closing flap.
- Door protected by lock
- Waste identification included on the door by icon
- Can be fixed to the ground with 4 M8 expanding bolts (included).
- Made of 1'5, 2 and 3 mm cold rolled steel plates which have been hot dip galvanized.
- It includes a thermo-heating polyester powder coated finish
- Joint elements made of Stainless Steel.
- Optional: also available in Stainless Steel AISI 304
- Easy emptying system: our bins must be safe, ergonomic and clean. This bin has been designed and produced with an ergonomic and efficient emptying system which minimizes the risk of ripping of the bag in the extraction.
- Plastic bags: this bin is compatible with standard bags available in the market. However, Cervic Environment have developed "Slim-fit" bags (tailor-made for our bins) which improve the performance and the aesthetic of the bins.
- Compatible products: wall-mounting Kaizen ashtray, wall-mounting Valencia ashtray and Can-Adapt bags dispenser.
- Suitable to be used indoor and outdoor under normal weather conditions. In case of extreme weather conditions, such as high salinity, temperature or humidity, an additional special treatment can be included. Check extra cost and MOQ.
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.
