Two-Waste slots | Cups (only 100L) | Cups and Liquids (only 100L)

DETAILS

Detail of swing lid

Detail of Two-Wastes version

- High quality modular recycling bin completely watertight and with several options to be configured.
- It can be used by itself or forming recycling stations.
- Capacity of 60 and 100 litres.
- Available for 1 or 2 residues.
- Collection system: the lid holds the bag and hides the unsightly excess of it.
- Available lids: open lid, sorting slots, cups, cups and liquids, swing lid and confidential documents protected by lock.
- Waste identification included on the lid.
- Stackable, to ease their storage and transportation.
- Body and lid made of high density polyethylene (HDPE) (plastic) with protection against the UV radiation.
- The sorting slots, swing lid and lid for 2 residues are made of metal with a thermo-heating polyester powder coated finish.
- Easy emptying system: our bins must be safe, ergonomic and clean. This bin has been designed and produced with an ergonomic and efficient emptying system which guarantees the extraction of the bag without risk of ripping.
- Plastic bags: this bin is compatible with standard bags available in the market. However, Cervic Environment have developed "Slim-fit" bags (tailor-made for our bins) which improve the performance and the aesthetic of the bins (only version for 2 residues).
- Suitable to be used indoors and outdoors.
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.
