Self-closing flap

Liquid deposit

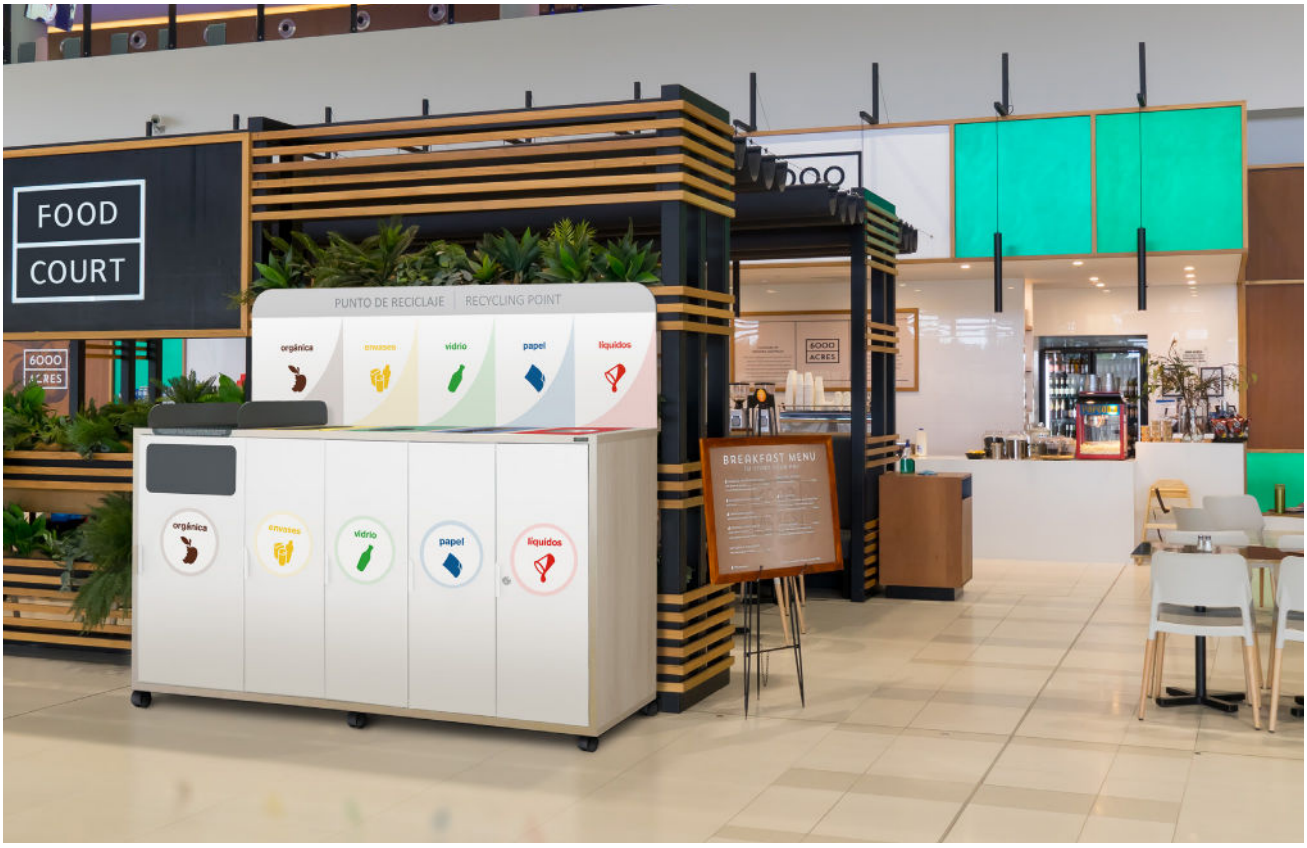

Cleaning products storage
*only in liquid version

Liquid retention trays

- Wooden recycling cabinet designed for food areas with a large number of users.
- For 5 residues. It allows collecting both solid and liquid waste.
- Two versions available:
    - · 5 waste: all of them solids.
    - · 5 waste: 4 solids and 1 liquids.
- Capacity 5 waste: (all of them solids) 520L.
- Capacity 5 waste: (4 solids and 1 liquids) 430L (420L solids waste and 10L liquids waste)
- The residue with frontal deposit area have a capacity of 120L. The residues with the upper deposit areas have a capacity of 100L each one. The liquid waste has 10L capacity.
- Optional (accessory): Additional informative board (standard version does not include the board).
- Separate compartments for each residue with a front door system for emptying.
- Access doors have magnet closure. (** liquid waste with a lockable door).
- The version with liquid waste has a compartment to store cleaning materials (chemicals, bags, cloths, etc ...).
- Include removable watertight liquid retention trays for each waste.
- It incorporates a trays holder in the upper part of the cabinet.
- 4 different options of sorting streams are available.
- Waste identification by vinyl adhesive on the front door and sorting stream area.
- Collection system (to choose):
    - · Standard: Sliding inner ring with an elastic band to hold the bag in place, which can be horizontally fold out by guides.
    - · Optional (accessory): Metal inner liner with elastic band to keep the bag in place.
- It incorporates 6 wheels as standard, 3 of them (frontal ones) with brakes.
- Cabinet frame made of 30 mm thick MDF wood (Acacia Lackeland Cream finish).
- Other components (doors, dividers, liners, etc.) manufactured in 0.6, 1 and 1.5 mm cold rolled steel plates which have been hot dip galvanized.
- Doors include a thermo-heating polyester powder coated finish
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.
