Can-Adapt

- Available in capacities: 40, 75 and 100 litres.
- 75 litres bin is available in 2 versions:
  - Upper emptying
  - Frontal door
- Made of 1, 1,5 and 3 mm cold rolled and hot dip galvanized steel plates.
- Includes a Thermo-heating polyester powder coated finish.
- The versions with upper emptying in 75 and 100 litres are also available in Stainless Steel AISI 304.
- Joint elements made of high resistance Stainless Steel.
- Available with inner ring bag holder or metal inner liner with an elastic band which keeps the bag in place. The frontal door version is only available with metal inner liner (standard & ergonomic)
- It has 2 opposite openings to deposit the residues.
- Available with or without built-in ashtray on the upper part of the cover. It can be emptied by pouring it out inside of the bin.
- Top opening cover with or without lock, which will be selected depending on the version. The lock comes as standard in the 100 litres and in the 75 litres with Frontal Door versions.
- 40 litres version can be mounted on a wall or fixed to the floor by using the posts available as accessories.
- Plastic bags: this bin is compatible with standard bags available in the market. However, Cervic Environment have developed "Slim-fit" bags (tailor-made for our bins) which improve the performance and the aesthetic of the bins.
- Accessories: anchored and built-in posts (in 40 litres version), base, Kaizen 1 litre ashtray, Valencia 2 litres ashtray and Can-Adapt bag dispenser.
- Can be fixed to the ground by the inside of the bin with 4 M8 expanding bolts (included).
- 75 and 100 litres upper emptying versions must be installed a minimum of 27 cm far from the wall behind them.
- Easy emptying system: our bins must be safe, ergonomic and clean. This bin has been designed and produced with an ergonomic and efficient emptying system which minimizes the risk of ripping of the bag in the extraction.
- Suitable to be used indoor and outdoor under normal weather conditions. In case of extreme weather conditions, such as high salinity, temperature or humidity, an additional special treatment can be included. Check extra cost and MOQ.
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.

To process all your order, you must choose the corresponding model code.
